1. **Grey Lake** Navigation

Full Day
Low Diffculty

Firstly we have to walk approximately 35 minutes through a forest of lenga beech trees and then along the shore of Grey Lake to reach the catamaran. This trip on the lake is without a doubt one of the most captivating experiences in Torres del Paine. The route allows travelers to appreciate the combination of a unique landscape of vegetation, mountains and icebergs. We will be able to see up close the gigantic walls of centuries of old glacier with its range of blue tones.

Note: *This excursion is not included in our All Inclusive Shared program and has an additional cost of USD $140 per person. Charges for transport may also be applied. During the months of September, October, March, April and May, a minimum of 25 guests is required for the boat trip to sail.*

2. **Photography** Excursion

Full Day
Low Diffculty

Torres del Paine National Park, renowned worldwide for its extraordinary landscapes, offers countless opportunities to capture unique moments. This excursion will take you to the most scenic corners of the park to immortalize its impressive mountains, crystal-clear lakes, and vast pampas. In the company of our guides, you'll have the chance to photograph nature at its nest.

Depending on the weather conditions and your personal preferences, the guides will recommend the most suitable areas to visit, suggesting optimal times and destinations where wildlife, birds, rivers, and lakes may be found. They will help you make the most of the natural light at sunrise or sunset, capturing the landscape’s details, such as the texture of the water and the colors of the sky, in an enviroment that invites the creation of unforgettable images.

Note: *This excursion is not included in our All Inclusive Shared program and has an additional cost of USD $375 per person on a double basis. The excursion does not include photographic equipment.*

3. Full day at
Estancia Cerro Guido

●○○○ Full Day

Medium Low Diffculty

On this tour we will enjoy beautiful landscapes to get to know in depth the vast territory of Estancia Cerro Guido. The excursion is designed for riders with or without previous experience, who want to experience Patagonia on horseback and discover the natural beauty offered by the surroundings of the Estancia, with its spectacular views of Lake Sarmiento, Sierra Baguales and the Paine Massif, surrounded by animals such as guanacos, rheas, foxes, horses and sheep. After our horseback ride through the amazing landscapes of the Estancia, we will have lunch at the hotel restaurant, with its unique local preparations. After lunch, our visit begins in the living room of the administration house, with a half-hour introduction to locate ourselves on the map of the area and understand the life of Estancia within the historical context of Patagonia, strongly linked to the development of the extensive sheep farming. Later we will be participating in the typical activities of Estancia life; in the mangers we will have the opportunity to learn more about the horses and their care, then in the organic garden we will harvest the vegetables used in the kitchen and collect eggs from free-range hens.

Note: *This excursion is not included in our All Inclusive Shared program and has an additional cost of USD $285 per person on a double basis. Charges for transport may also be applied.*

4. **Conservation Safari**
Estancia Cerro Guido

●○○○ Full Day

Medium Low Diffculty

With this activity we invite you to participate for a day in the conservation project of the Cerro Guido Foundation. You will discover the diverse fauna characteristic of Patagonia and also strategies that the Estancia Cerro Guido is developing to achieve a respectful livestock farming that coexists with native species. The excursion starts at dawn, joining a member of the team of field trackers on their daily routine. We start with the puma research work at the ranch, participating in activities such as observation with binoculars and camera traps. The tour includes short walks without much diffculty. Towards the end of the morning, you will discover the work of the sheep herding dogs and how they help the coexistence between conservation and human activity. After lunch and a break, the excursion will continue in the “Casa Puma”, the center of operations of the Cerro Guido Conservation Foundation. There, you will watch a video presentation, and then head out on a final field trip, where you will see the research work being carried out in the Sierra del Toro.

Note: *This excursion is not included in our All Inclusive Shared Program or All Inclusive Private Program and has an additional cost of USD $495 per person on a double basis. Charges for transport may also be applied.*

5. **Flyfishing**

●○○○ Full Day

Medium Low Diffculty

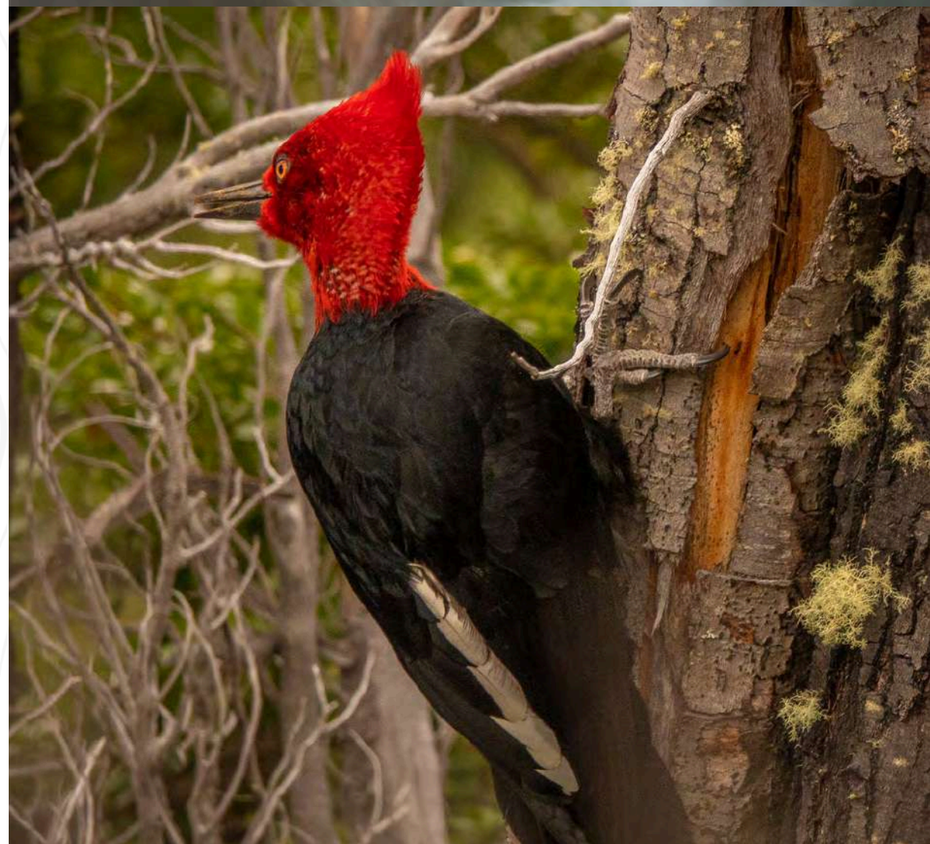
The fishing season in the district of Torres del Paine and Puerto Natales begins in October, ending in the fortnight of April, in which Fly fishing is really good in rivers, lakes and lagoons, areas with little or no human intervention, in a pristine environment. Another characteristic of these sites is that the waters are very entertaining, with abundant currents, wooded places and far from the human contact. These places can offer anglers the opportunity to catch large migratory trout (silver trout or better known as sea trout), brown, resident brown, and some species of salmon such as Chinook salmon and Coho salmon. Depending on what you want to fish, we will choose the most appropriate equipment for you. The programs includes the transfer to fishing spots in 4x4 vehicles, full fishing equipment, guide and a delicious lunch at the river or lake.

Note: *This excursion is not included in our All Inclusive Shared Program or All Inclusive Private Program and has an additional cost of USD $810 per person on a single basis / USD $520 per person on a double basis. Fishing license included. Fishing season between October 15 and April 15.*

6. **Birdwatching**

Full Day

Medium Low Diffculty

Torres del Paine National Park and its surroundings are known worldwide for the breathtaking beautiful landscapes, and each of its corners has something special that can be our photographic objective. This excursion is designed to make the most of the light conditions, so sunrises and sunsets are among all the possible moments to capture in images. Depending on the weather conditions and the traveler's interest, our expert guides will recommend the sectors to visit, the schedules and destinations where it will be possible to find wildlife, birds, rivers and lakes from the best angle to capture the movement of the waters, dense forests, endless pampas and golden lights to nd different textures and framing, key elements in the photographic composition.


Note: *This excursion is not included in our All Inclusive Shared program and has an additional cost of USD $375 per person on a double basis.*
